DREER'S

QUARTERLY

WHOLESALE PRICE LIST

OF

Seeds, Plants, Bulbs, &c.

SUMMER EDITION.

July 1895 August.

HENRY A. DREER,

No. 714 Chestnut Street,

**Established 1838.
Incorporated 1892.**

PHILADELPHIA, PA.

DREER'S QUARTERLY Wholesale Price List

July=August, 1895.

In the present issue we desire to call your attention to our list of PALMS, FERNS and other decorative plants, of which we offer a full assortment in all the most saleable sizes. We also offer a choice lot of pot-grown STRAWBERRY plants, and CELERY and CABBAGE plants, which are grown in large quantities at our RIVERTON NURSERIES; also VEGETABLE and FLOWER seeds for SUMMER sowing, and a special list of BULBS for FORCING.

☞ Unless advised to the contrary we ship all orders for Bulbs as soon as they arrive; BERMUDA LILIES, FREESIAS and CALLA LILY BULBS about the middle of July; ROMAN HYACINTHS, PAPER WHITE NARCISSUS and LILIUM LONGIFLORUM about the middle of August; DUTCH HYACINTHS, TULIPS and the general run of Dutch bulbs early in September; LILY OF THE VALLEY, SPIREA and HELLEBORUS in November. Any of our friends desiring their bulbs held back until all can be sent in one shipment, will please notify us to that effect.

LOW EXPRESS RATES ON PLANTS.

We are shipping by all express lines to any part of the country, plants packed in closed boxes at a reduction of 20 per cent. from regular rates of merchandise. Boxes weighing less than 100 pounds are charged at pound rates, minimum charge not less than 35 cents. For example: where the general rate is \$5.00 per 100 pounds, a box weighing 20 pounds will be carried for 80 cents. Prepaid 4 pound packages of seeds, plants and bulbs are carried to California and all distant points for 30 cents each.

TERMS OF BUSINESS.

☞ Unknown correspondents desiring to open an account will please furnish satisfactory reference, otherwise cash must accompany order.

☞ Remittances should be made by Post Office Money Orders, Drafts on New York or Philadelphia banks, or Express Money Orders. Where it is not possible to obtain these, the letter should be registered. We cannot guarantee receipt of money sent in any other way.

☞ Perishable goods desired C. O. D. must be accompanied by a partial remittance to guarantee acceptance.

☞ Unless otherwise specified, purchases between January 1st and June 30th are due and payable July 1st following. Purchases between July 1st and December 31st are due and payable January 1st following.

☞ No charge is made for boxes or packing, nor for delivery to Freight Depots or Express Offices.

☞ In filling out your order, always give SHIPPING DIRECTIONS, and write NAME and ADDRESS DISTINCTLY.

Pot-Grown Strawberry Plants.

General Collection of Select Tested Varieties.

Our pot-grown Strawberry plants are ready for shipment about the middle of July, and can be supplied as late as October in such varieties as are unsold at that time.

It is better, however, to procure the plants in August or September, as earlier plantings will develop larger and more vigorous plants and produce a greater crop of fruit next year, besides, we are usually sold out of many varieties later in the season.

Pot-Grown Strawberry Plant.

Brandywine.—A new very late variety that is certain to become popular, especially as a family berry, it is a strong vigorous grower with heavy foliage and perfect flowers, the berries are of immense size, color rich red. \$4.00 per 100.

Bubach (P).—Strong, healthy, vigorous plant, that thrive well on almost every soil. Very productive of large berries, that ripen early.

\$2.50 per 100 ; \$20.00 per 1000.

Charles Downing.—Medium to large, conical, bright crimson, moderately firm, juicy and of superb flavor. One of the very best for home use.

\$2.50 per 100 ; \$20.00 per 1000.

Cumberland Triumph.—Large, light red ; regular in form and size, and of good quality.

\$2.50 per 100 ; \$20.00 per 1000.

Eureka (P).—Of strong, vigorous, growth ; producing large, bright glossy scarlet berries, of very good quality, season medium.

\$2.50 per 100 ; \$20.00 per 1000.

Gandy.—A strong, healthy plant, that makes but few runners. Perfect blossom ; moderately productive, of large, perfectly formed berries ; ripens very late.

\$2.50 per 100 ; \$20.00 per 1000.

Haverland (P).—Enormously productive of medium to large, long conical berries, of pale scarlet color ; extremely early, prolific, and showy.

\$2.50 per 100 ; \$20.00 per 1000.

Jessie.—Fruit large ; dark scarlet ; firm, of excellent quality ; only moderately productive. Of little value on light soils, but on a deep, rich loam it furnishes superb berries.

\$2.50 per 100 ; \$20.00 per 1000.

The Banquet.—(New.) Berries of medium size, of uniform conical shape, ripening up well without green ends, of a rich, crimson color.

\$3.50 per 100 ; \$30.00 per 1000.

Clarke's Seedling.—Uniform, round shape, rich red color inside and out ; remarkably fine flavor and great prolificness.

\$3.00 per 100 ; \$25.00 per 1000.

Greenville (P).—Berries of large size, very productive, regular in form, of a rich bright color, firm texture, and of excellent quality.

\$2.50 per 100 ; \$20.00 per 1000.

Hersey.—(New.) This berry possesses all the good qualities desired for home use and the market. Its flower is perfect, fruit of most excellent flavor, having the taste and aroma of the best varieties of the wild strawberry.

\$3.50 per 100 ; \$30.00 per 1000.

Jucunda Improved. Old Strawberry cultivators do not need to be told that the Jucunda was one of the most beautiful and delicious of strawberries, and that it would only succeed in a few exceptional places. Jucunda Improved seems to possess all the good qualities of the original, while it succeeds on almost any good soil.

\$4.00 per 100 ; \$35.00 per 1000.

Marshall. (New.) Berries of very large size, fourteen filling a basket. Color, very dark crimson throughout ; fine flavor and fine grain, and a good keeper.

\$3.50 per 100 ; \$30.00 per 1000.

Timbrell. (New.) One of the most valuable of all the new varieties. Berries large to very large, dark crimson and very firm. Probably the best very late market berry.

\$3.00 per 100 ; \$30.00 per 1000.

Van Deman. An extra early perfect flowering variety ; berries a showy glossy scarlet, with yellow seeds, firm and tart.

\$3.00 per 100 ; \$25.00 per 1000.

Kentucky.—An old and well tried variety ; of fair size and good flavor. A regular bearer.

\$2.50 per 100 ; \$20.00 per 1000.

May King.—A healthy plant ; free runner, and moderately productive of bright scarlet berries ; perfect form and fine quality, and one of the earliest to ripen.

\$2.50 per 100 ; \$20.00 per 1000.

Michel's Early.—A very strong growing, extra early variety ; moderately productive ; quality good ; very attractive in color.

\$2.50 per 100 ; \$20.00 per 1000.

Middlefield, (P).—Berries large, quite regular in size, firm and solid, making it a good shipper ; color, a dark glossy crimson, of superior quality.

\$2.50 per 100 ; \$20.00 per 1000.

Miner.—A reliable standard sort for family use or for market ; plant healthy and vigorous, productive of medium to large berries.

\$2.50 per 100 ; \$20.00 per 1000.

Parker Earle.—A most excellent variety. Plant very robust and suited to almost any soil, and will endure hot dry weather better than any other variety. Berries are of large size, regular and uniform, and of a rich color ; season early to medium.

\$2.50 per 100 ; \$20.00 per 1000.

Sharpless.—Very large, clear red ; firm, sweet, and of good quality ; somewhat irregular ; a rapid and vigorous grower. One of the most popular standard varieties.

\$2.50 per 100 ; \$20.00 per 1000.

Yale.—A strong vigorous grower and heavy bearer, berries of large size, good shape ; color deep, dark red, flesh very juicy, yet solid. Ripens late.

\$2.50 per 100 ; \$20.00 per 1000.

"I wish to thank you for the Strawberry plants you sent to General E. C. Williams. Very strong well rooted plants, never planted better ones." May 2nd, 1895. BENNO LIEBIG, Chapman, Snyder Co., Penna.

CELERY PLANTS.

Celery plants can be supplied from June 15th to August 25th. We grow the following varieties, which we offer at the uniform price of

30 cts. per 100.

\$2.50 per 1000.

Celery requires a moist, rich soil, and will not thrive in poor soil and dry situations. After the plants have attained a height of 5 or 6 inches they should be set out in rows three feet apart and six inches in the row. When twelve to fifteen inches high, the soil should be loosened by the use of the plow or hoe and the plants be "handled." This operation consists of drawing the stems upright with one hand, and pressing the soil firmly against the plant with the other; by this process the plants grow upright and can be easily cultivated and blanched by drawing the soil close up to the plant. Celery should receive thorough cultivation if good results are desired. To store for winter use, select well drained ground, dig trenches 1 foot wide and deep enough to cover the tops of the plants. Pack the stalks in this in an upright position, covering with boards to shed the water, and in severe weather protect with straw or leaves.

White Plume. This is a very ornamental variety, while its qualities are equal to the best, being crisp, solid, and having that nutty flavor peculiar to some of the red kinds.

Golden Self-Blanching. An early, beautiful, and in every way desirable sort, requiring but little labor to blanch. The heart is a rich golden yellow, with light yellowish green outer leaves. Of dwarf, compact habit, rich nutty flavor and an excellent sort for table decoration.

Giant Pascal. A superior keeping sort. The stalks are very large, thick, solid, crisp, and of a rich nutty flavor, free from any trace of bitterness; it blanches very easily and quickly, and retains its freshness a long time after being marketed. The heart is golden yellow, very full and attractive in appearance.

Perfection Heartwell. A large solid growing variety of excellent flavor and creamy white color. In size it is between the Golden Dwarf and White Solid. It is an excellent market sort, as the stalks are clear and attractive in color.

New Rose. In this variety we have a combination of the best qualities of Celery. The red sorts surpass the white in flavor, and possess in their coloring a valuable feature as a table ornament.

Early Arlington. An improvement on the Boston Market, being earlier and of larger growth and blanches rapidly.

Boston Market. An excellent half dwarf sort of vigorous and bushy habit, producing many side shoots. Blanching perfectly white, is very sweet, crisp and of excellent flavor.

Dreer's Large White Solid. The best of the large growing sorts. Stalks firm, white and sweet, will not become pithy if grown on moist soil.

Golden Dwarf. A standard variety of great merit. In size it is the same as the half dwarf kinds; the heart is large, full and of a fine golden yellow color.

Henderson's Dwarf White. This variety is perfectly solid, the stalks half round. When blanched it is a yellowish white, crisp, tender, and of a fine nutty flavor.

CABBAGE PLANTS.

NOW READY.

Late Flat Dutch. Grown from our select late Flat Dutch seed.

Large Drumhead. A favorite variety with market gardeners.

Perfection Drumhead Savoy. The largest solid heading sort among the Savoy.

Red Dutch Drumhead. The largest and best for pickling.

20 cts. per 100; \$1.50 per 1000.

"The 7,000 Cabbage and 100 Cauliflower arrived to-day in good condition. Could not have been better."
April 16th, 1895.

HARRY A. MUMPER, Barre Forge, Pa.

VEGETABLE SEEDS.

FOR SUMMER AND FALL SOWING.

The following list of vegetable seeds comprises the leading varieties suitable for present sowing. By sowing at intervals during the summer months a constant supply of fresh vegetables may be obtained until late in the fall. When beans and peas are to be sent by mail, add 15 cents per quart additional to price for postage. We pay postage on small seeds by the packet, ounce or quarter pound.

WHITE FLAT DUTCH.

RED TOP STRAP LEAF.

DREER'S IMPROVED RUTA BAGA.

TURNIPS.—

NEW CROP.

Early White Flat Dutch. Early, white-fleshed, of quick growth, mild flavor.

Oz. 5 cts.; $\frac{1}{4}$ lb. 10 cts.; lb. 30 cts.

Red, or Purple Top Strap Leaf. This is the principal sort for spring and fall use; top is red or purple above ground, fine grained, of mild flavor, and a good keeper.

Oz. 5 cts.; $\frac{1}{4}$ lb. 10 cts.; lb. 30 cts.

Early White Egg. Egg shaped, flesh white, firm, fine grained, mild and sweet.

Oz. 5 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 40 cts.

Purple Top White Globe. Globular shaped, very handsome and of superior quality.

Oz. 5 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 40 cts.

Golden Ball, or Orange Jelly. Globe shaped, bright yellow color, good keeper, and a superior table variety.

Oz. 5 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 40 cts.

Yellow Globe. Flesh firm and sweet, of large size; keeps well until late in the spring.

Oz. 5 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 40 cts.

Yellow Stone. One of the best yellow fleshed varieties for table use; equally good for feeding stock.

Oz. 5 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 40 cts.

Long White, or Cow Horn. Grows very quickly, partly above ground; very productive, flesh white, fine grained and sweet.

Oz. 5 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 40 cts.

Ruta Baga Varieties.

American Purple Top. Very hardy and productive; flesh yellow, solid, sweet; good for stock or table use.

Oz. 5 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 40 cts.

Dreer's Improved Purple Top. This is a choice stock, roots of large size and perfect form, fine grained, with short top and smooth skin.

Oz. 10 cts.; $\frac{1}{4}$ lb. 20 cts.; lb. 50 cts.

Large White French. A superior variety for table or stock; flesh firm, white and solid.

Oz. 5 cts.; $\frac{1}{4}$ lb. 15 cts.; lb. 40 cts.

MISCELLANEOUS.

Golden or German Millet. Grows much taller than the Hungarian Grass, and produces larger crops; it also requires more time to grow, and a good soil. It makes a very coarse-looking, dry fodder, which is readily eaten by live stock. (50 pounds to the bushel.) Price variable. Per bushel, \$1.70.

Hungarian Grass. (*Panicum Germanicum*). An annual forage-plant of great value. It flourishes during the heat of summer, remaining green when almost all other vegetation is dried up. It is one of the very best plants for green fodder, or for ensilaging, and makes hay of the best quality. Sow broadcast about one bushel of seed per acre, at any time from the middle of June till the first of August. (48 pounds to the bushel). Price variable. Per bushel, \$1.50.

Japanese Buckwheat. This superior variety is earlier and more prolific and yields double the weight per acre of other sorts, while it yields a flour of equal quality. Per bus. (48 lbs.) \$1.00.

Crimson or Scarlet Clover. (*Trifolium incarnatum*). This is an annual variety, in common use in the South and Middle States for feeding green and for hay, also as a green manure for plowing in. It can be seeded at any time from June to October at the rate of 10 to 15 lbs. per acre and makes the earliest possible spring pasture, blooming the latter part of April or May, and for feeding as hay should be cut when in full bloom. If sown with Italian Rye Grass, which matures at the same time, it yields luxuriant and nutritious crops. Per pound, 12 cents. Per bushel (60 lbs.) \$3.25; 10 bus. lots, \$3.00 bushel.

English Rye Grass, Perennial Rye (*Lolium Perenne*). A nutritious permanent grass for meadows and pastures, or for mixing with other grasses for lawns; does well on sloping banks, as its roots are fibrous and mat-like. Lb. 10 cts.; 100 lb. \$9.00; bus. (24 lbs.) \$1.75.

Italian Rye Grass. (*Lolium Italicum*). A valuable European variety, adapted to any climate, and produces large and nutritive crops. 50 lbs. to the acre. Lb. 15 cts.; 100 lbs. \$10.00; bus. (22 lbs.) \$2.00.

FLOWER SEEDS.

We call special attention to our choice strains of *Cineraria*, *Calceolaria*, *Pansy* and *Primula*, which are acknowledged by leading growers to be superior in all respects. Our trade packets contain a liberal supply; where smaller quantities are wanted, buyers can select from retail catalogue at a discount of one-third, excepting novelties, on which we can only allow 25 per cent.

Half trade packets can be supplied only where noted.

AQUILEGIA CHRYSANTHA.

HOLLYHOCKS.

Few hardy plants combine as many good qualities or lend themselves as readily to varied uses, as the Hollyhock. For planting in rows or groups on the lawn, or for interspersing among the shrubbery, they are invaluable. We make a specialty of Hollyhocks, and the seed we offer is saved from the very best double flowers of pure and bright colors. Seed sown during the summer make strong blooming plants for the following year.

Primrose, Dean's New Hardy Hybrids. These very beautiful hardy plants are similar in growth to the common yellow primrose, but produce myriads of flowers in the richest shades of color..... 50

F. J. GRAMLICH, Hyattsville, Md.

Plants for Florists.

Our stock of decorative plants, such as Palms, Ferns, Pandanus, Ficus, Araucaria, etc., etc., is now very complete in a full line of sizes, from small seedlings for growing on, to specimens of the most useful decorative sizes; the plants are all in a clean, healthy, vigorous condition, thrifty and well-grown, and will compare favorably with stock distributed by us in previous seasons.

Whenever possible, we solicit a personal inspection of our stocks. Our nurseries at Riverton, N. J., are within easy reach from either Philadelphia or New York, and something of interest will always be seen.

A time card of trains, with directions how to reach the nurseries, will be mailed to any one applying.

Araucaria Excelsa.

(Norfolk Island Pine.)

The growing demand for this beautiful decorative plant has induced us to prepare an extra large stock.

	Each.	Doz.
4 inch pots, 6 to 8 inches high, 3 tiers, light, but nice stock to grow on....	\$ 60	\$ 7 00

Araucaria Cookii.

We offer a pair of beautiful perfect specimens, 40 inches high, 5 tiers, at \$15.00 each.

Aralia Sieboldii.

(Green Leaved.)

Fine plants in 4 inch pots, 30 cts. each; \$3.00 per doz.

Aralia Sieboldii Variegata.

Good 4 inch pot plants, 50 cents each.

Anemone Whirlwind.

A new semi-double form of Anemone Japonica Alba which is supposed to be a cross between this beautiful variety and a Japonica Rosea. In general style and habit it is identical with the white Anemone. It is of the same strong habit of growth, and is even more free-flowing than the original type. The flowers, which are 2½ to 3 inches across, have several rows of pure white sepals, and the advantages of lasting much longer than the single varieties.

Strong pot grown plants from four inch pots, \$1.00 per doz; \$8.00 per 100.

Anemone Lady Ardilaun.

Another new semi-double variety of English origin, introduced this season. We offer strong 2½ inch pots, \$1.00 per doz; \$8.00 per 100.

Ardisia Crispa.

Similar to Ardisia Crenulata in every way, except that the fruit is much larger and of a darker, richer color.

2½ inch pots, 75 cts. per doz.;	\$6.00 per 100.
4 " " "	\$3.00 " 25.00 "
5 " " "	6.00 " "

The greater part of 5 inch pots will fruit this season. They are nice bushy plants about 8 to 10 inches high.

Import Orders for Azaleas.

We are now booking orders for fall delivery. Buyers who use a quantity of this most popular Easter blooming plant, will find it to their interest to place their orders for next season's wants early, thereby securing the choice of the stock at lowest cost for transportation, as the plants can be forwarded with perfect safety during October, by fast freight, even to the most distant points.

Our attention is frequently directed to other growers and dealers offering Azaleas of the same diameter as herein quoted, at much lower prices. We wish to say in reference to this stock, that there is more than one way of measuring an Azalea, and while a plant may measure 15 inches in diameter, it may be really worth less than another plant that only measures 12 inches in diameter. Most of this stock is grown on quickly without sufficient cutting back, the idea being to get a plant so many inches in diameter. As a rule this stock is distributed by some novice in the Azalea trade without personal inspection of the stock, who has been lured on by the vivid descriptions and prospects of large profits as offered to him by the Belgian growers.

We would here say that we do not offer our stock in competition with this class of plant. We have been handling Azaleas as a specialty for many years; last year we distributed nearly 25,000 plants, almost without a single complaint of any consequence.

Our prices are as low as first-class, bushy, well budded stock can be supplied for, and we are certain that they will give entire satisfaction.

Our growers in Belgium are among the most successful men handling Azaleas; they have been specialists in this line for many years, and their principal stock is sent to us.

All of our importations of Azaleas are sent here in bulk, and are all repacked at our own nurseries, so that any plants that may not have carried well are set aside. This insures our customers of securing only first class stock, which can not be compared with cheap assorted case lots which are made up in Belgium, and are distributed on this side just as received, frequently not only containing damaged plants, but also, as a rule, many varieties not at all suited to the American trade.

The varieties we supply are only the most popular sorts suited to the American market. We give personal attention to the selection of these stocks abroad, and can guarantee satisfaction. We offer well budded plants with bushy crowns.

Crowns, 10 to 12 inches in diameter, \$35.00 per 100. Crowns, 12 to 15 inches in diameter, \$65.00 per 100.

Specimens, 18 to 20 inches in diameter, \$30.00 per dozen.

Azaleas.

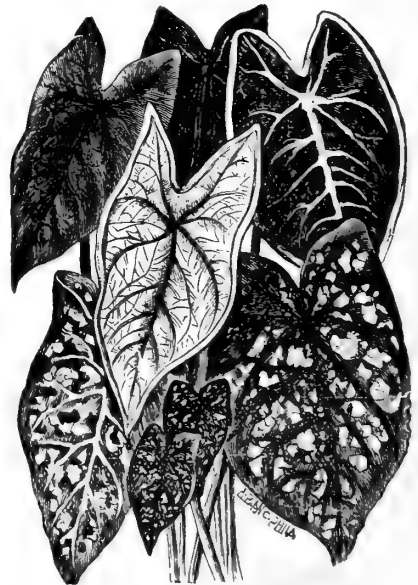

Anthurium Sherzerianum.

Good thrifty plants in 4 inch pots, 75 cents each.

Asparagus Plumosus Nanus.

We offer a good stock of 2 inch pot plants, seedling stock which is much superior to old divided stools.

\$1.00 per doz.; \$8.00 per 100.

Fancy-Leaved Caladiums.

For many years the Fancy-Leaved Caladiums have been a special feature of our establishment. Our collection has been carefully revised and contains only first-class, distinct and well-marked varieties, and is acknowledged to be one of the finest in the country. We offer 50 distinct varieties, good plants, in 3 inch pots, \$1.50 per doz.; \$12.00 per 100. The collection of 50 varieties, one of each, for \$5.00.

Camellia Japonica.

We are offering this season the finest lot of Camellias we have ever been able to present. The plants are in a remarkably fine condition, clean, healthy and perfect in every respect.

New

Chrysanthemum Philadelphia.

This is undoubtedly the greatest acquisition in *Chrysanthemums* for many years ; it is an entirely new type in coloring and in form of petal, or floret, and in the general contour of the flower, though it is very nearly globular as a whole. The formation of its florets and their disposition makes it gracefully globular in form ; its color is white, illuminated with lemon yellow, giving it light and life never before seen in a *Chrysanthemum*.

15 cents each ; \$1.50 per dozen.

Coleus, Mrs. F. Sander.

This splendid new *Coleus* differs from all other varieties in having a wedge of creamy white in the centre of the leaf, with a clearly defined margin of oxide green, bronze, crimson and purple. It is the most beautiful and distinct variety yet raised.

10 cents each ; 75 cents per dozen.

Cissus Discolor.

Good young plants, 3 inch pots, \$1.00 per dozen.

Cycas Revoluta.

We have a large stock of *Cycas* in very good condition, especially in medium-sized plants, suitable for retailing for house decoration, and shall be pleased to select plants of exceptional good value at 25c., 50c., \$1.00, \$2.00, \$3.00, \$5.00, \$7.50, \$10.00 and \$15.00 each. All of these sizes are in very good condition, and we are certain will give entire satisfaction.

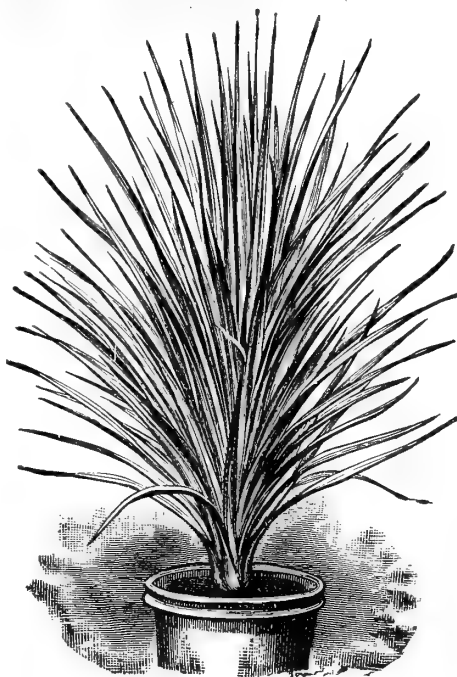

CYCAS REVOLUTA.

Crotons.

We offer 10 of the finest and most distinct varieties of this beautiful class of ornamental foliage.

3 inch pots, \$1.50 per doz.; \$10.00 per 100.

Set of 10 varieties for \$1.25.

DRACÆNA INDIVISA.

Dracæna (Cordyline) Indivisa.

18 to 24 " " 6 " "	9.00	70.00

Lapageria Rosea and Alba.

We offer good plants in 6 inch pots. Roseas, \$2.50 each ; Albas, \$3.50 each.

Musa Ensete.

(Abyssinian Banana.)

The leaves of this magnificent plant are long, broad and massive, of a beautiful green, with a broad crimson midrib; the plant grows luxuriantly from 8 to 12 feet high, producing a tropical effect.

	Each.	Per doz.
4 inch pots, 15 to 18 inches high.....	35 cts.	\$4 50

Maranta Massangeana.

A most useful dwarf growing variety, with pretty mottled foliage, very desirable for use in connection with ferns for filling fern pans, jardinières, etc.

3 inch pots, \$1.25 per dozen ; \$10.00 per 100.

PANDANUS UTILIS.

Pandanus Utilis.

A fine lot in $2\frac{1}{2}$ inch pots, 75 cts. per doz.; \$6.00 per 100; \$50.00 per 1000.

Pitcher Plants—Nepenthes.

We offer 6 choice varieties of these interesting plants, growing in 6 inch square cedar baskets. Price, \$1.50 each.

Schubertia Grandiflora.

An exceedingly pretty climber, which succeeds admirably in the open ground during the summer months, producing clusters of large funnel-shaped fleshy-white flowers of delightful fragrance, not unlike Stephanotis Floribunda in appearance. 30 cts. each.

Smilax.

$2\frac{1}{4}$ inch pots, \$3.50 per 100; \$30.00 per 1000.

**Stephanotis Floribunda.**

A large stock of fine young plants. $2\frac{1}{2}$ inch pots, \$2.50 per doz.; 3 inch pots, \$3.50 per doz.; 4 inch pots, \$5.00 per dozen.

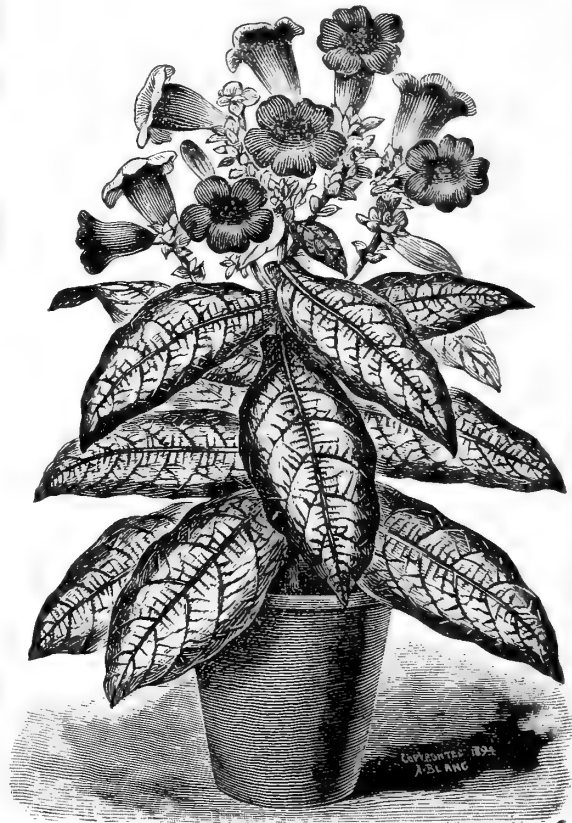

Passiflora Princeps.

We have succeeded in securing a limited stock of this scarce variety. Strong 6 inch pots, \$1.50 each.

Rhynchospermum Jasminoides.

A beautiful greenhouse plant and a most valuable plant for planting against the pillars in a cool greenhouse, where it will grow luxuriantly, and produce its masses of waxy white Jasmine-like flowers in the greatest profusion, about Easter. They are most valuable in making up bouquets or cut flower designs, and the plants occupy but little valuable space.

Extra strong 5 in. pots, 50 cts. each; \$5.00 per doz.

STROBILANTHE: DYERIANUS.

Strobilanthes Dyerianus.

A new and attractive plant suitable for growing in pots for house decoration and for bedding out in the summer; it forms a compact bush 18 inches high with leaves 6 to 9 inches long and 3 to 4 inches wide, of the most intense metallic purple color, shading into light rose with a light green margin, a combination unapproached by any other plant. The flowers are of a violet blue and very pretty. It is said to make an excellent bedding plant, having been planted out at the gardens of the White House the past summer, where it attracted considerable notice.

$2\frac{1}{4}$ in. pots, \$1.00 per dozen.

Solanum Wendlandi.

A rare and beautiful climber. Flowers are over two inches in diameter, produced in large clusters. Color, mauve blue.

20 cents each; \$2.00 per dozen.

FINE FERNS.

As usual, our stock of Ferns this season is again very large, about 250,000 being now in pots ready to send out, with more than double this quantity coming on in flats and seed beds.

Our collection has been especially selected with a view of offering only the very best for general florists use, discarding all such as are only useful in a botanical collection.

It will be noted that we do not list Ferns in dozens, but will furnish five of any one variety at hundred rates.

DAVALLIA STRICTA.

LASTREA ARISTATA VARIEGATA.

Scarce and Special Varieties of Ferns.

Adiantum Farleyense.

A fine stock of this most beautiful of all the maiden-hair varieties, in excellent condition for growing on.

Strong 2 inch pots, \$2.00 per dozen; \$15.00 per 100.

" 3 "	3.50	25.00
" 4 "	6.00	50.00

Cibotium Regale.

This is undoubtedly the finest of all the Tree Ferns for use in decorative purposes, it being a variety that is always scarce and difficult to obtain. We offer but a very limited stock.

3 inch pots, 50 cents each; \$ 6.00 per dozen.	
4 " " \$1.00 " 12.00 "	
5 " " 1.50 " 18.00 "	

Doryopteris Nobilis.

We have succeeded in growing a very fine lot of this beautiful variegated fern which enables us to offer it at a much reduced price. We have fine

2½ inch pots, \$1.50 per dozen; \$10.00 per 100.	
3 " " 2.00 " 15.00 "	

Pteris Cretica Mayii.

A beautiful dwarf-crested or tasseled form of Pteris Cretica Albo-lineata, showing the same variegation as that variety, but of much dwarfer habit.

3 inch pots, \$1.25 per dozen; \$10.00 per 100.

Sellaginella Emilleana.

We have a fine stock of this useful upright growing variety.

2 inch pots, 75 cents per dozen: \$5.00 per 100.

PALMS.

We are the largest growers of Palms in this country, and never has our stock of the various sizes been so complete as at the present time. All the plants are in a clean, thrifty, vigorous condition, and our prices will be found to compare favorably with stock supplied by us in former seasons. Some few sizes in certain varieties are scarce this season; where such is the case, we have made note of this fact in describing the plants. The following is a select list of the most desirable varieties for florists' use.

View of one of the Cocos Weddelliana Houses.

Cocos Weddelliana.

We offer an immense stock of this beautiful Palm. Parties using these for Ferneries and Jardinieres will do well to lay in a supply early and grow them on, as they are always scarce in the fall. With a stock of over 15,000 last July, we were sold out early in October of plants suitable for immediate delivery, and had to disappoint many of our customers.

We have now in stock about 20,000 fine young plants in 3 inch pots, well grown stocky plants not drawn, and of good color.

\$3.00 per doz.; \$20.00 per 100.

COCOS WEDDELLIANA.

Areca Lutescens.

	Inches high.	Per doz.	Per 100.

"The shipment of Palms arrived in good condition and are perfectly satisfactory."
May 21, 1895.

ERNST WIENHOEBER & CO., Chicago, Ill.

KENTIA BELMOREANA.

Kentia Belmoreana.

We call special attention to our stock of this most useful of all Palms. Young stock of Belmoreana, in 2½ inch pots, has been in strong demand this past spring, and consequently are somewhat scarce and the price of this size has been therefore advanced. All other sizes have held about the same price as last season, but an early advance in prices of this stock, in all sizes, must be looked for very soon.

Inch pots	Leaves.	Inches high.	Per doz.	Per 100.

7	5 to 6	36 to 42	\$2 00	each.
7	6	42	2 50	
8	6 to 7	42 to 48	3 50	

Made-up plants—a fine lot of 6 inch pots, 3 plants in a pot—about 30 inches high, \$1.75 each. These are fine plants and of good value.

A fine lot of specimen plants of good value at \$5.00, \$7.50 and \$10.00 each.

KENTIA FOSTERIANA.

Latania Borbonica.

Our stock of Latanias has never been so complete as at the present time; especially are the young plants—2½, 3 and 4 inch pots—in exceptional fine condition. The sizes at \$1.00, \$1.25, \$1.50 and \$2.00 each are scarce, and prices on these sizes are about 25 % higher than last season, while larger sizes—say \$3.00, \$3.50 and \$4.00—are of better value than what we have supplied for a long time.

Inch pots.	Leaves.	Per doz.	Per 100.
3	4 to 5 showing character,	\$1 25	\$10 00
4	Beautiful line for growing on, showing character nicely,	3 00	25 00

11	9 to 10 48 to 60 "	7 50	
12	10 60 to 72 "	10 00	

Livistona Rotundifolia.

One of the prettiest Palms in cultivation, especially suited for table decoration. The foliage, which is similar to Latania Borbonica, but smaller, is gracefully recurved. 2½ inch pots, \$3.50 per doz.; 3 inch pots, showing character nicely, \$5.00 per doz.

Many thanks for the extras."

HOFFMEISTER FLORAL CO., Cincinnati, Ohio.

New Climbing Rose, Crimson Rambler.

Undoubtedly the greatest acquisition in a climbing rose introduced for many years.

It is of vigorous growth, making shoots from 8 to 10 feet in height during a season, and is consequently a most desirable climbing variety; when pegged down or grown as a bush, marvellous heads of bloom are the result. It is exceedingly hardy. As a pot-plant it is unequalled for decorative purposes. The flowers with which the plant is covered in the spring are produced in large trusses of pyramidal form and of the brightest crimson color. The blooms remain on the plant for a great length of time without losing their brightness. The foliage is also retained to a great extent during the winter, making the plant almost an evergreen. It is said to be extremely hardy, having withstood the test in exposed situations of two very severe winters in England. Price, 2½ inch, \$2.00 per dozen; \$15.00 per 100.

Forcing Roses.

We offer a fine stock of forcing Roses in the following select varieties, all being strong, thrifty 3 inch pot plants.

	per 100.	per 1000.

The Bride.....	8.00	70.00

SWAINSONIA GALEGIFOLIA ALBA.

Swainsonia Galegifolia Alba.

A most desirable ever-blooming plant, with pure white flowers, produced in sprays of from 12 to 20 flowers each, the individual blooms resembling a Sweet Pea.

It is of very easy culture, succeeding best in the temperature of a Carnation house, and will be found useful as a cut bloom for local or home trade; while as a pot plant for selling either in the market in the spring or for window and conservatory decoration in the winter, it is certain to become very popular.

2½ in. pots 75 cents per doz.; \$6.00 per 100.

"The Swainsonia Galegifolia Alba you sent is a very satisfactory plant and has been much admired by everyone. It is constantly in bloom, and the foliage is ornamental even without bloom. March 8, 1895. H. F. REICH, Rockville, Md.

"The plants ordered of you the latter part of last month came through safely by express, and were very satisfactory. Your method of packing plants is truly scientific, being far superior to any I have seen heretofore." March 16, 1895. R. C. TAYLOR, Supt. Alexandria National Cemetery, Pinesville, La.

"Your seeds, plants and bulbs are the best to be had. I think I always have had a good garden by raising your seed." April 25, 1895. C. W. HOAR, Phillips, Maine.

BULBS.

Orders booked for delivery July to November.

WHITE ROMAN HYACINTHS.

Roman Hyacinths.

Selected Early White Roman.

We offer our celebrated White Roman Hyacinths in four sizes this year, some growers preferring the smaller sizes.

- 13 to 15 cent. (5 to 6 in.), \$2.75 per 100; \$25.00 per 1000.
 12 to 15 cent. (4½ to 6 in.), \$2.50 per 100; \$22.00 per 1000.
 11 to 15 cent. (4 to 6 in.), \$2.25 per 100; \$20.00 per 1000.
 11 to 12½ cent. (4 to 5 in.), \$2.00 per 100; \$16.00 per 1000.

Rose, or Pink Roman.

12 to 15 cent., \$2.00 per 100; \$16.00 per 1000.

Dark Rose Roman.

12 to 15 cent., \$2.00 per 100; \$17.00 per 1000.

Single Blue Roman.

12 to 15 cent., \$2.00 per 100; \$15.00 per 1000.

White Italian Hyacinth.

A good forcing variety. Somewhat larger than the White Roman.

11 to 15 cent., \$2.00 per 100; \$18.00 per 1000.

MINIATURE OR DUTCH Roman Hyacinths.

Excellent for growing in pans or boxes, blooming freely and early, often producing three or four spikes. A profitable bulb for Florists.

Pure White.	Dark Red.	Light Blue.
Blush White.	Pink or Rose.	Dark Blue.
All Colors Mixed.		
\$1.50 per 100; \$12.00 per 1000.		

Dutch Hyacinths.

Our mixed Hyacinths have been carefully selected from the best varieties of early maturity suitable for forcing. They are all bulbs of good size.

LILIUM HARRISII.

BERMUDA EASTER LILY.

Ready in July.

A combination of the principal growers of the Bermuda Lily Bulb has been formed with a view to their improvement and better selection. Many of the less important growers having injured their stock by cutting the flowers for Easter sales, and by carelessness in their cultivation. Our bulbs have always been grown by one of the most careful and conscientious growers in Bermuda, and may be depended upon to be the best that can be procured. As we are among the largest buyers of this Bulb, we have made very favorable arrangements with the combine, and can sell the bulbs as low as reliable stock can be had.

SOLIEL D'OR. Golden yellow, cup orange, shaded red, for early forcing	1 75	16 00

LARGE SINGLE JONQUIL.

(Improved Campernelle.)

Ready in September.

The largest flowering Jonquil. Pure yellow and very fragrant. Very desirable for winter flowering. 75 cents per 100; \$6.00 per 1000.

NARCISSUS HORSFIELDI.

Narcissus Bulbocodium. (*Hoop Petticoat Narcissus.*) Rich golden yellow, good for forcing. 25 cts. per doz.; \$2.50 per 100.

DOUBLE TRUMPET VON SION.

Double Trumpet Narcissus.

Von Sion. The popular double yellow daffodil, in great demand for forcing. Pure stock. Extra size. \$1.50 per 100; \$14.00 per 1000.

Incomparable. Orange and yellow, of large size. 70 cts. per 100; \$6.00 per 1000.

Orange Phoenix. Large double white and orange, excellent for forcing. \$1.80 per 100; \$17.00 per 1000.

Alba Plena Odorata. Double pure white, very sweet scented. Millions are grown in the open ground for supplying the cut-flower markets of Europe. 70 cts. per 100; \$6.00 per 1000.

SINGLE DAFFODILS.

Horsfieldi. A royal flower as to size and color, perianth pure white, trumpet rich yellow. Blooms early, and is one of the best for forcing. 70 cts. per doz.; \$4.00 per 100; \$35.00 per 1000.

Priniceps. Immense deep yellow trumpets with pale divisions, fine for forcing. \$1.25 per 100; \$11.00 per 1000.

Stella. A popular early variety. Perianth white and slightly twisted, cup clear yellow. 70 cts. per 100; \$6.00 per 1000.

Golden Spur. Large, spreading, full deep yellow perianth, trumpet golden yellow, fragrant. One of the best of the Golden Trumpets. 50 cts. per doz.; \$3.00 per 100; \$29.00 per 1000.

Henry Irving. Remarkable for its deep yellow, imbricated wheel-shaped perianth, and large trumpet of a lovely yellow hue. 70 cts. per doz.; \$4.00 per 100.

Emperor. Large, rich golden yellow trumpet, perianth deep primrose. \$1.50 per doz.; \$10.00 per 100.

Empress. Rich yellow trumpet and snow-white perianth. \$1.50 per doz.; \$10.00 per 100.

Sir Watkin. Deep yellow cup, perianth rich sulphur. \$1.50 per doz.; \$10.00 per 100.

Trumpet Major. (*Single Von Sion*). A large and shapely flower, rich yellow, excellent for forcing. \$1.25 per 100; \$11.00 per 1000.

Poeticus. (*Pheasant's Eye Narcissus.*) Large, pure white, sweet scented, with beautiful purple ring. 40 cts. per 100; \$3.00 per 1000.

Poeticus Ornatus. Pure white scarlet eye. Blooms earlier than Poeticus. One of the best for forcing. 60 cts. per 100; \$5.50 per 1000.

Poeticus Biflorus. Pure white perianth, with soft yellow crown, two flowers on each scape; late flowering. 70 cts. per 100; \$6.00 per 1000.

Mixed Single Seedling Daffodils. 90 cts. per 100; \$8.00 per 1000.

Chinese Sacred Narcissus.

(Ready in October.)

The Chinese Sacred Lily (*Narcissus Orientalis*) Joss Flower or Flower of the Gods, is the variety grown by Chinamen for decorating their temples or Joss Houses on their New Year's Day, which occurs in February. They can be readily brought into bloom by Christmas. It is very easily handled, bears pure white flowers with a lemon or orange cup, and can readily be brought into bloom when grown in water.

Per 100, \$5.25; per 1000, \$45.00.

Allium Neapolitanum.

Excellent for forcing, bearing umbels of charming white flowers, very useful in cut-flower work.

50 cents per 100; \$4.25 per 1000.

Anemone Fulgens.

One of the most attractive and desirable flowers for winter forcing or early spring blooming.

\$2.00 per 100; \$16.00 per 1000.

Anemones, single mixed, 50 cts. per 100.

“ single white, \$1.00 “

“ double mixed, 1.25 “

Amaryllis Johnsoni.

(Ready in August.)

Scarlet, striped white. We have a large stock of this handsome Amaryllis which we can offer in splendid flowering bulbs at a very low price.

\$2.50 per doz.; \$20.00 per 100.

GLADIOLUS "The Bride"

(Ready in September.)

A lovely pure white form of the Gladiolus Colvilli. The flowers are freely borne on long stems, and can be forced into bloom at a time when flowers are scarce.

50 cts. per 100; \$4.00 per 1000.

IXIAS.

Beautiful early blooming bulbs, excellent for forcing.

Per 100. Per 1000.

Ixia Crateroides. Fiery scarlet... \$1 00 \$8 00

LILY OF THE VALLEY.

(Ready in November.)

In consequence of the severe drought in Northern Germany, during May and June, 1893, the Lily of the Valley crop will be short this year and considerably higher in price. We have been fortunate in securing from the best source of their production a fine lot of pips, which we offer in three grades as follows:

Extra selected 3 year old pips of first quality, grown in sandy soil, for early forcing, \$11.00 per 1000.

In lots of 5000 and upwards at \$10.00 per 1000.

Pips grown in heavy soil, for late forcing, best selected 3 year old, \$10.00 per 1000. In lots of 5000 and upwards at \$9.50 per 1000.

Smaller pips, of very good quality, \$9.50 per 1000. In lots of 5000 and upwards at \$9.00 per 1000.

Lily of the Valley Clumps. Per doz., \$2.00; per 100, \$15.00.

Ranunculus.

French. Double mixed..... 50 cts. per 100.

Turkish. Fine mixed..... 50 cts. “

Persian. Mixed... .. 50 cts. “

SPIREA (Astilbe.)

(Ready in November.)
